

VOICE

[Advocacy & Promotion]

Industry Average EPD's for Concrete

Developed and certified 125 standard concrete mix designs for LEED version 4 projects.

Best Management Practices for Municipal Concrete Infrastructure

Developed with OGRA & CAC a 162-page guide to proper municipal concrete construction practices.

Concrete Ontario Website Upgrades

Increased functionality of the website by adding additional technical references and increasing the number of items in the online store.

Ontario Concrete Awards

Organized and coordinated the annual industry awards program that was attended by 180 participants, and recognized 9 projects.

Concrete Pavement Promotion

Successfully provided guidance to municipalities, owners, contractors, and suppliers to complete numerous pavement rehabilitations, including the Harwood & Bayly intersection, Ajax, and Jameston Ave. unbonded concrete overlay, Hamilton.

CONCRETE

[Technical & Regulatory]

Material Selection Matters II

Professor John Straube provided a continuation presentation on how concrete can be utilized to create energy efficient buildings.

Thermal Performance Guide

Worked with RDH Building Science to develop an 80-page building thermal performance guide to show designers how to utilize cast-in-place concrete effectively.

Concrete Pumping Standard

Worked closely with industry to significantly update the CSA Z151 Concrete Pumping Standard to include roles and responsibilities for all construction team members.

CSA Codes & Standards

The association is actively involved in development of the new Cement, Concrete and Concrete Testing Standards, which will be released in 2019.

Municipal Specifications

We continue to work with municipalities to update and improve concrete specifications for the industry. Notably, we worked with the City of Ottawa to revamp their official municipal specification and the changes have been fully implemented.

PROFESSIONAL

[Education & Training]

ACI Training

Administered ACI training and testing programs for the concrete flatwork and concrete field testing courses for over 150 people.

Concrete Pump Safety Course

Provided a full day concrete pump safety course for Ontario concrete pump operators.

Concrete College

Provided industry training for over 75 participants utilizing the new 8th Edition of "Design & Control of Concrete".

Concrete Driver Safety Pins

Added the ability for all members to order online "Safety Pins" for drivers with exceptional safety records.

Pervious Concrete Contractor Certification Program

Conducted this NRMCA course to over 40 attendees of the Gananoque Construction Authority.

NETWORK

[Conferences & Events]

World of Concrete Pavilion

Provided education and training through booth traffic, seminars and the Ontario Concrete Awards presentations.

RAIC / OAA Festival of Architecture

The Concrete Council of Canada (CCC) sponsored at this event and conducted seminars on concrete related topics, as well as staffing a booth.

6th Annual Concrete Truck Rodeo

Attendance in the truck rodeo increased 15% this year, as the event was moved from mid August to early July. Approximately \$2,700 in prizes was awarded.

Regional Industry Councils (RIC's)

The RIC's were restructured reducing the number of councils from 12 to 5 and bi-annual meeting dates were selected for all regions of the province.
