

COVID-19

Have you travelled outside Canada within the last 14 days?

OR

Have you been in close contact with a confirmed or probable case of COVID-19?

OR

Are you experiencing any symptoms such as fever, cough or shortness of breath?

If yes, **STOP!**

Help prevent the spread of COVID-19!

Please submit the electronic visitor questionnaire prior to visiting the plant facility and **do not enter** if you feel unwell.

Protocol for Plant Visitors

Amid the COVID-19 pandemic, Concrete Ontario members are taking extra precautions to ensure the health and safety of all employees, suppliers, and visitors.

A visitor questionnaire must be filled out electronically by any visitor or delivery person before access is granted into the plant.

The questionnaire includes statements regarding the visitor's travel history, potential exposure and symptoms related to COVID-19.

- If the answer to any one or more questions on the questionnaire is **YES**, the visitor **cannot enter** the plant.

- If anyone refuses to complete the questionnaire, they will **not be allowed** to enter the plant or facility.

The visitor questionnaire helps to ensure that all staff in the plant are protected and that self-isolation protocols are respected. We ask that all visitors complete the questionnaire truthfully.

We need **your** help to slow down the spread of the COVID-19 pandemic and help flatten the curve.
