Reporting to the Fleet Supervisor, you will be responsible for providing maintenance and repairs to the Dufferin Concrete & Ontario Redimix fleet of vehicles.

Job Responsibilities:

- Perform inspections, diagnosis, & repair ready-mix trucks through preventative & scheduled maintenance.
- Perform removal, rework and installation of various engine and chassis components.
- Use leading diagnostic technology to identify breakdowns.
- Order required parts and maintaining parts inventory.
- Document repairs on work orders and complete inspections sheets as required.

- Communicate with operations and supervisory staff on availability of equipment.
- Prioritize jobs and work safely on all equipment.
- Follow shop procedures and company policies relating to use of shop and Occupational Health & Safety regulations.
- All other duties as required.

Requirements:

- Valid 310T Truck & Coach license or a registered training agreement.
- Valid class 'G' Driver's License.
- Sound working knowledge of diesel engines, hydraulic pumps/motors, and air brake systems.
- Strong interpersonal skills with a safety-first approach.
- Ability to work independently with minimal supervision.
- Ability to travel to local sites as required.
