

Welcome to CBM!

We are Canada Building Materials (CBM).

Established principally in Ontario, Canada, St. Marys CBM is the building materials division of St. Marys Cement. CBM is a leading employer, producer, and supplier of Ready-Mix Concrete and related products.

CBM has more than 450 Ready-Mix trucks operating out of 40 plants. The plants are in areas from Hull, Quebec (serving the National Capital region) in the east, 475 miles to Windsor in the west with emphasis on the most heavily populated areas of the province.

We have a culture built on solid partnerships, long-lasting relationships, and opportunities for those who want to grow and be part of a diverse culture.

Not only does our view include environmental impacts but also promoting healthy lifestyles, and adding value to the communities that surround our operations and to society at large.

Every day, we have the chance to accomplish something new and you're invited to be part of it.

We require dedicated individuals to join our **Kingston** fleet maintenance operations, to repair and maintain our ready-mix truck fleet and related mobile equipment.

We are looking for a permanent full time **310T Mechanic** for our Kingston plant.
