

310T Truck and Coach Mechanics

We are seeking LICENSED 310T TRUCK AND COACH TECHNICIANS for repair of our Ready Mix fleet. We are a leading concrete company that is a quality oriented, innovation-driven solutions provider for our customers' concrete needs. Throughout the years, we have developed a strong reputation based on our consistent focus on quality and service. We are non-union hourly shops with a competitive remuneration package looking for technicians for our Hamilton and Niagara Falls shop.

Required Qualifications and Skills:

- Have a safety mindset and willing to comply with the standards and procedures of our company policies
- Must have a valid 310T Truck and Coach technician license
- Minimum of 2 years heavy truck experience
- At minimum, a valid G Driver's License with a clean abstract is required but a AZ or DZ is preferred.
- Must possess own Hand Tools and Tool Box.
- Hydraulic systems experience an asset
- Must have good written and oral communication skills.
- Computer knowledge, creating work orders, utilizing email, is considered an asset.
- Must be organized and willing to exhibit good housekeeping practices in our shop.
- Positive attitude, strong work ethic, a willingness to learn and punctuality is a must.

Duties and Responsibilities include but not limited to:

- Perform inspections, diagnostic tests, troubleshooting and general vehicle repair.
- Perform preventative maintenance services and maintenance related work as required.
- Conduct safety checks on vehicles and equipment.
- Perform service calls for emergency breakdowns.
- Work in compliance with Company Health and Safety policies.
- Keep neat and organized records of services and work.
- Must be willing to work overtime when needed.
- Occasional afterhours and Saturday work may be required.
